## ADVANCED STRUCTURES, MATERIALS AND ELECTRICAL SYSTEMS

### ASMES'2019

The first international conference  
on electrical engineering ICPE-CA

*Predeal - Romania*  
**20 - 22 November 2019**

Project "Strengthening ICPE-CA Strategy to Support Advanced Research in the field of Electrical Engineering Emerging Technologies". This project is funded by the Ministry of Research and Innovation through Program 1 - Development of the National R & D System, Subprogram 1.2 - Institutional Performance - Projects for Financing the Excellence in RDI, Contract no. 30 PFE / 2018.

## INVITATION

We have the honour to invite you to attend the first international conference on electrical engineering "Advanced structures, materials and electrical systems", ASMES 2019, organized by the National Institute for Research and Development in Electrical Engineering ICPE-CA, Bucharest in partnership with the Romanian Electrotechnical Committee and Romanian National Council - World Energy Council.

## TOPICS

1. New and renewable energies
2. Conventional energy sources
3. Electrical machines and drives
4. Advanced materials for electrical engineering
5. Environmental engineering and management
6. Medical engineering
7. Characterization and measurement methods for electrical engineering materials and products

The PROGRAMME consists of scientific papers (structured in oral or poster sessions) and invited papers. The presentations should not exceed 15 minutes (for oral presentations), or 30 minutes (for invited papers), respectively, including discussions.

The official language of the conference is English. All the papers must be written in English.

The format of the abstract is on the conference website. The abstracts will be published in the book of abstracts, indexed ISBN.

Following a review process, the selected papers will be published in Journal of Optoelectronics and Advanced Materials (<https://joam.inoe.ro>), Journal of Optoelectronics and Advanced Materials - Rapid Communications (<https://oam-rc.inoe.ro>), Revue Roumaine des Sciences Techniques, Serie Electrotechnique et Energetique ([http://revue.elth.pub.ro/index.php?action=instructions\\_for\\_authors](http://revue.elth.pub.ro/index.php?action=instructions_for_authors)), EMERG (<https://www.edituraagir.ro/>)

## LOCATION

Predeal, an important mountain resort is a town located on the Prahova Valley and is surrounded by five massifs: Postăvarul, Piatra Mare, Bucegi, Baiului and Fițifoii. The name is derived from the Romanian archaic form "pre deal" which means "on the hill" or from the Slavic word "predel", which means "bound", "limit". Predeal is the highest-altitude town in Romania at 1033m-1110m. Predeal is a well-known tourist destination in Romania, especially in winter time.
